In view of the comments the Commission has received on the Draft Resolution E-3711 issued March 3, 2003 by the Energy Division, we are calling a workshop to discuss the extent and form of any consumer electronic billing.

We will focus on the electronic billing programs being proposed for residential and small commercial customer, and associated consumer protection measures. We will also ask for explanations of the current billing practices for direct access customers and core aggregators, and of any changes in those practices that are being considered by the public utility corporations.

Southern California Edison (Edison), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southwest Gas (Southwest) should bring proposals for implementing electronic billing, for any consumer protection measures that may be necessary or useful, and for resolving differences they may have with the recommendations set forth in Draft Resolution E-3711. Other parties may also bring proposals.

This workshop is open to all parties. If parties other than PG&E, Edison, SDG&E, and Southwest plan to attend and make proposals, they should contact Maurice Monson of the Energy Division. This order formally revokes the registration of ITT Powercom, an Electrical Service Provider registered in the name of a minor but operated in fact until the year 2000 by the minor's father, Michael Huang. This order further prohibits ITT Powercom and Huang from obtaining certification or authority from this Commission for a period of at least five years, and then only upon a showing of fitness to provide service. As a practical matter, we will not impose a monetary penalty in this case because Huang has been placed under supervision of the U.S. Immigration and Naturalization Service pending deportation to Taiwan.
